

# ALCO-ALOE SOLUTION

## *Dermoprotective, moisturizing and emollient hydroalcoholic solution*

Antiseptic hydroalcoholic solution with Aloe vera for healthy skin. Ideal for hand sanitization in hospitals, aesthetic and sports centers, nurseries and nursing homes. Does not require rinsing.

### COMPOSITION AND CHARACTERISTICS

0.6% Chlorhexidine digluconate (3g chlorhexidine digluconate solution at 20%),  
Phenoxyethanol, Benzalkonium Chloride, Aloe barbadensis, Ethanol, excipients q.s. 100%.  
Alcoholic degree: (68-72) ° pH (25°C): 5,5 – 6,5

### HOW TO USE

Apply on clean hands and rub for at least 30 seconds until completely soaked. The maximum effectiveness is reached after 2-3 minutes. Allow to air dry. It does not require rinsing. The product is considered "non-irritating" for the skin.

### WARNINGS

External use. Do not ingest. Do not inhale. Causes serious eye irritation. Highly flammable liquid and vapour. Harmful to aquatic life with long lasting effects. Do not get in eyes, mucous membranes, sensitive or diseased areas of skin. Do not use on people sensitive to its components, or in large areas of the skin, or for a long time, or with non-breathable fabrics. Can cause skin or allergic reactions. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. Do not mix with any other substance. Keep out of reach of children and away from food and drinks. The product should only be used under medical prescription in children under 30 months. The use of alcoholic or aqueous based chlorhexidine skin solutions, as a skin disinfectant, has been associated with chemical burns in neonates. Avoid release to the environment. Dispose of contents/container to accordance with local regulations. Keep the container tightly closed. Keep away from heat/sparks/open flames/hot surfaces. No smoking. If medical advice is needed, have product container or label at hand. If swallowed, immediately call a Poison Centre or doctor/physician. Protect from sunlight. Store at temperatures not exceeding 30°C. Store in a well-ventilated place. Keep in a cool place. In order to avoid risks to people and environment, read the label before use.

### STORAGE AND SHELF LIFE

Store at temperatures not exceeding 30°C. Keep cool. Protect from sunlight.
